**How to Lodge a Written Request**

If a Release to Transfer is required, the student must apply in writing using the Application to Transfer Provider. A copy of the Offer Letter from the other education provider and any other supporting documentation must also be provided. If the student is under the age of 18, a copy of written approval from parent or legal guardian supporting the Release must accompany the application.

Where the student is not being cared for in Australia by a parent or suitable nominated relative, the receiving registered provider also confirms that the registered provider will accept the responsibility for approving the student's accommodation, support and general welfare arrangement.

The student submits the completed International Student Transfer of Provider Form including the above documents to the Student Services Officer.

**Assessment of request**

Requests to transfer provider will usually be processed within 10 days. If the processing is to be outside of this time line the student will be advised.

When a student requests a Release, the reason for this request must be determined. Documented on the Application to Transfer Provider the student should include the reason for changing provider and any other supporting information including the Offer Letter from the other training provider.

Imagine Education Australia undertakes to consider each such request and to make a determination on its merits, taking into consideration the best interests of the student and:

- the overseas student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after engaging with that registered provider's intervention strategy to assist the overseas student in accordance with Standard 8 (Overseas student visa requirements)
- there is evidence of compassionate or compelling circumstances
- the registered provider fails to deliver the course as outlined in the written agreement
- there is evidence that the overseas student's reasonable expectations about their current course are not being met
- there is evidence that the overseas student was misled by the registered provider or an education or migration agent regarding the registered provider or its course and the course is therefore unsuitable to their needs and/or study objectives
- an appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.
- the reasons outlined in the student's Application to Transfer Provider
- the student's academic performance and course progress
- financial issues (whether or not the student has any fees or other outstanding liabilities such as debts to Imagine Education Australia) and personal financial circumstances. This includes future payments as outlined in the agreed payment plan
- the student's attendance record
- the student's disciplinary and conduct record.

- the nature of the course the student wishes to transfer to. (Imagine Education Australia reserves the right to deny the Transfer request to essentially the same course with another provider simply because it is cheaper, easier or shorter in duration.)
- if an international student, whether or not he/she has breached student visa conditions related to attendance or course progress, and
- any other matters considered relevant.

A Transfer request will be granted under the following circumstances:

- Where the students fees are up to date. Students who wish to transfer provider once their enrolment has commenced will be liable to pay all tuition fees for all courses in their enrolment package
- If the transfer of provider is in the best interests of the student
- Where the student visa holder has provided sufficient documentation to support reasons for the transfer;
- Where the student has utilised the full range of support services that are available to assist with academic and personal issues and /or where they have made a genuine attempt to participate in the Imagine Education Australia courses to which they have been granted admission;
- When the students reasons for transferring appear to be genuine and it is not for example,
  - to avoid being reported to the Immigration Department for failure to meet the provider’s attendance or academic progress requirements,
  - to study at another institution with lower fees and/or where the student claims financial difficulty but cannot provide evidence of the suddenness and/or unexpected nature of the difficulty; or
  - where it is believed the student is deliberately trying to manipulate the Australian student visa system.

A Transfer request to change provider will not be granted by Imagine Education Australia where there are reasonable grounds for refusal. Reasonable grounds for refusal of a request may include, but not be limited to:

- Where the student visa holder has provided insufficient documentation to support reasons for the transfer;
- Where Imagine Education Australia deems that the transfer would not be in the best interests of the student’s welfare, future study, and/or career goals; this may include a transfer to another provider in a different education sector or lower level qualification
- Where the student has not utilised the full range of support services that are available to assist with academic and personal issues and /or where they have not made a genuine attempt to participate in the Imagine Education Australia courses to which they have been granted admission;
